# JOSE AND JUANA VALDEZ

and their five children began attending Caprock Church in September 2005. During one of the worship services, Jose, Juana, Maria (age twelve) and Elizabeth (age eight) made professions of faith in Jesus Christ. Here is Juana's story in her own words.

“I have always believed in God and that He will always be by my side. I attended the Catholic Church for as long as I can remember. But when we were invited to attend Caprock Church by my husband's physical therapist (who is also Caprock's pastor), we found this church to be different. We were able to understand and take in more information. Now my husband and I know that we will go to heaven and that we are doing the right things by attending Caprock Church on a regular basis and letting our family know that we have accepted Jesus Christ into our lives. We are also attending a Bible Study every other Monday to help us understand the Bible and do what we are supposed to do as followers of Jesus. Now that we are born-again Christians I can say that our attitude toward other people and my family has changed. I am more understanding, caring and thankful.”

Jose, Juana, Maria and Elizabeth were baptized on Memorial Day weekend 2006.
